

The Specific Online Service-Packages are defined as follows:

Conference Bookings

E-Mobility Integration Symposium - Virtual Conference – 3 Nov 2020

All tickets allow access to the virtual 4th E-Mobility Power System Integration Symposium on 3 Nov 2020 via our video conference platform and via a video on demand service for 4 weeks after the event. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Solar Integration Workshop - Virtual Conference – 5 Nov 2020

All full conference tickets (Speaker, Student, Regular Participant) allow access to the virtual 10th Solar & Storage Integration Workshop on 5 Nov 2020 via our video conference platform and via a video on demand service for 4 weeks after the event. Full conference tickets also include digital proceedings of the 10th Solar & Storage Integration Workshop. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Wind Integration Workshop - Virtual Conference – 11-12 Nov 2020

Speaker, Student and Regular Participant full conference Tickets allow access to the virtual 19th Wind Integration Workshop on 11-12 Nov 2020 via our video conference platform and via a video on demand service for 4 weeks after the event. Full conference tickets also include digital proceedings of the 19th Wind Integration Workshop. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Wind Integration Workshop - Virtual Conference – Day Pass 11 Nov 2020

The ticket “Day Pass 11 Nov 2020 - // 19th Wind Integration Workshop” allows access to all sessions of the virtual 19th Wind Integration Workshop on 11 Nov 2020 via our video conference platform and via a video on demand service for 4 weeks after the event. The tickets also include partial digital proceedings of the 19th Wind Integration Workshop: access to all available papers of the 11 Nov 2020 presentations. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Wind Integration Workshop - Virtual Conference – Day Pass 12 Nov 2020

The ticket “Day Pass 12 Nov 2020 - // 19th Wind Integration Workshop” allows access to all sessions of the virtual 19th Wind Integration Workshop on 11 Nov 2020 via our video conference platform and

via a video on demand service for 4 weeks after the event. The ticket also includes partial digital proceedings of the 19th Wind Integration Workshop: access to all available papers of 12 Nov 2020

presentations. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Introductory Tutorial Bookings

Virtual E-Mobility Tutorial 1: Grid Integration of Electric Vehicles: Status and Experiences

2 Nov 2020 - 8:30 am – 12:00 pm (CET)

All tickets (Student, Regular Participant) allow access to the virtual E-Mobility Tutorial 1 on 2 Nov 2020 from 8:30 am – 12:00 pm (CET) via our video conference platform. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Virtual E-Mobility Tutorial 2 : Grid Integration of Electric Vehicles: Status and Experiences

2 Nov 2020 - 3:00 pm – 6:30 pm (CET)

All tickets (Student, Regular Participant) allow access to the virtual E-Mobility Tutorial 2 on 2 Nov 2020 from 3:00 pm – 6:30 pm (CET) via our video conference platform. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Virtual Wind Tutorial: Ancillary Services 1: Their role in enabling systems with large shares Variable Renewable Energy (VRE) and how VRE can participate in them

10 Nov 2020 - 9:00 am – 11:00 pm (CET)

All tickets (Student, Regular Participant) allow access to the virtual Wind Tutorial 1 on 10 Nov 2020 from 9:00 am – 11:00 pm (CET) via our video conference platform and via a video on demand service for 4 weeks after the event. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Virtual Wind Tutorial: Ancillary Services 2: Their role in enabling systems with large shares Variable Renewable Energy (VRE) and how VRE can participate in them

10 Nov 2020 - 4:00 pm – 6:00 pm (CET)

All tickets (Student, Regular Participant) allow access to the virtual Wind Tutorial 2 on 10 Nov 2020 from 4:00 pm – 6:00 pm (CET) via our video conference platform and via a video on demand service for 4 weeks after the event. The Event agenda is preliminary: speakers, sessions and presentations are subject to change until the event date.

Single Sessions Bookings

Free of charge single session tickets (Keynote & Closings Sessions 10th Solar & Storage Integration Workshop; Keynote & Closings Sessions 19th Wind Integration Workshop) allow access via a video on demand service for 4 weeks after the event.

Fee based single session tickets (sessions 2A, 2B, 3A, 3B, 4A, 4B of the 10th Solar & Storage Integration Workshop; sessions 2A, 2B, 2C, 3A, 3B, 3C, 4A, 4B, 4C, 5A, 5B, 5C, 6A, 6B, 6C, 7A, 7B, 7C of the 19th Wind Integration Workshop) allow access to the booked session via a video on demand service for 4 weeks after the event. Tickets also include partial digital proceedings: access to all available papers of the booked session.

All sessions are defined in the Workshop Agendas on the Workshop Websites:

10th Solar Integration Workshop: <https://solarintegrationworkshop.org/program/>

19th Wind Integration Workshop: <https://windintegrationworkshop.org/program/>

The Event agendas are preliminary: speakers, sessions and presentations are subject to change until the event date.
